500g of melon
50g of caster sugar
1 egg white

**500g of melon
50g of caster sugar
1 egg white
**

Â»

Cut the melon into cubes.

Â»

Place them flat in the freezer for at least 12 hours.

Â»

Put the caster sugar in the Thermomix bowl, then place the measuring cup on the lid.

Â»

Set to closed bowl position and press the turbo mode button 5 times.

Â»

Add the frozen melon and blend for 30 seconds at speed 6.

Â»

Add the egg white and insert the whisk.

Â»

Set for 2 minutes at speed 3.5.

Â»

Serve immediately.
