5 min 120 min 125 min 4/10 3 8 15

300g of sugar

4 egg whites

Salt

**300g of sugar
4 egg whites
Salt
**

To avoid wasting your egg whites and to prepare a vacherin or a lemon meringue pie, to try making Italian meringue or Swiss meringues, here's an easy and delicious recipe for Thermomix meringue :

Preheat your oven to 120°C (248°F)

Preparation of Thermomix meringue :

Â»

Place the egg whites and 150g of caster sugar in the Thermomix bowl (Do not include any egg yolks, otherwise your Thermomix meringue will definitely fail).

Â»

Add a pinch of salt.

Â»

Attach the whisk to the Thermomix bowl and beat for 5 minutes on speed 4, gradually increasing the speed during the first minute.

Â»

Then, add the remaining sugar and mix for 1 minute on speed 2.

Â»

Place a sheet of parchment paper on your baking tray.

Â»

Using a pastry bag, pipe the meringues onto the tray, leaving enough space between them. You can shape them however you like: zig-zag, balls, bears, or any other shape.

Baking the Thermomix meringue :

Â»

Bake for 25 minutes.

Â»

Then, reduce the oven temperature to 100°C (212°F) and bake for an additional 1 hour.

Allow your Thermomix meringues to cool completely before enjoying this delicious Thermomix recipe. Yum ;)
