For 4 crumbles:

100G of dark chocolate

100G of brown sugar

100G butter

150G flour

2 pears

For 4 crumbles:

Prepare a delicious and easy recipe for fruit crumble with a chocolate twist:

Preheat the oven to 180°C (350°F)

To prepare the crumble using a Thermomix :

»

Place the chocolate in the Thermomix bowl and set it to 7 seconds on speed 7.

»

Set aside in a bowl to sprinkle over the crumble later.

»

Place the brown sugar or demerara sugar, butter, and flour in the Thermomix bowl and set it to 10 seconds on speed 6.

»

Peel and cut the pears into pieces, then arrange them in oven-safe ramekins and sprinkle them with chocolate. Add the crumble mixture on top.

»

Finally, place some chocolate on top of the crumble mixture.

»

Bake for 30 minutes to make the pear chocolate crumble.

»

Allow it to cool slightly.

»

Spread the crumble mixture over the pears in ramekins or verrines.

Enjoy the pear chocolate crumble served in ramekins or verrines. You're going to love it. Yum ;)
