Quickly cook a delicious and fragrant dessert using the Thermomix to delight all your guests :

Â»

Put the milk, sugar, eggs, and cornstarch in the Thermomix bowl.

Â»

Add the vanilla bean seeds and set the Thermomix to 15 minutes at speed 2 and 90°.

Â»

Add the cream and blend for 30 seconds at speed 3.

Â»

Pour into individual ramekins and refrigerate.

Â»

Crumble the speculoos cookies on top of the ramekins before serving.

Â»

You can add a dollop of whipped cream sprinkled with cocoa.

An excellent dessert prepared with the Thermomix. Delight your taste buds and eyes. Yum ;)
