## <div class="tac"><strong>For the dough of the Thermomix twelfth-night pancake

To make an twelfth-night pancake with apples :

Preheat oven to 210°C

Â»

Put all the ingredients of the dough in the bowl of Thermomix and set 30 sec on speed 2.

Â»

Roll out the dough on your work surface and fold the two coasts to the center and repeat again.

Â»

Develop 1H fees.

Â»

Divide dough in two and spread out to form a disc of + or - 22 cm in diameter.

Â»

Cut the apples into slices and arrange on the pastry. Do not forget to put the bean.

Â»

With the remaining dough, again form a disk or + - 22cm and go put on top of the apples.

Â»

With finger, press the edge of the 2 pasta to stick together.

Â»

Using a brush, brush the tops of the cake so that it browns during cooking.

Â»

Bake 30 minutes.

This delicious fruit-flavored thermomix pancake is best enjoyed warm. You're going to love it. Yum ;)

Tip: you can put chocolate chips on top of the twelfth-night pancake with apples
