**10 min 30 min 40 min 1/10 8 8 16**

800G of ground beef

500G of tomatoes

80G of hard bread

1 of garlic clove

1 egg

Provence herbs

Salt

Pepper

**<span itemprop="recipeIngredient">800G of ground beef<br/></span><span ite**

Â»

Put the previously broken bread in the bowl of the thermomix and set 7 seconds at speed 7. Reserve in a bowl.

Â»

Peel the garlic and put it in the thermomix bowl, then set 5 seconds at speed 7.

Â»

Add the ground beef, egg, salt, pepper, and set, in reverse function, 30 seconds at speed 3.

Â»

Form small meatballs, roll them in the previously obtained breadcrumbs, and place them in the thermomix basket.

Â»

Rinse the thermomix bowl.

Â»

Wash the tomatoes, cut them into 4 pieces, and put them in the thermomix bowl. Add salt, pepper, and Provencal herbs.

Â»

Put the basket with the meatballs in the thermomix bowl and set 30 minutes at speed 3 at 90°C.

Â»

When the timer rings, remove the basket with the meatballs, close the bowl, and set 30 seconds at speed 6.

Put the meatballs in a dish and pour the sauce over them. Enjoy these meatballs with the thermomix. Yum ;)
