10 min 32 min 42 min 1/10 7 9 14

800G of potatoes
500G of cod
500G of water
250G of milk
80G of gruyere (sweet cheese)
70G of butter
1 pinch of salt

**800G of potatoes
500G of cod
500G of water
250G of milk
80G of gruyere (sweet cheese)
70G of butter
1 pinch of salt
**

Â»

Put the water and a pinch of salt in the bowl of the Thermomix.

Â»

Wash, peel and cut the potatoes into cubes and place them in the basket. Put them in the bowl of the Thermomix.

Â»

Place fish on varoma tray and place it above the bowl. Schedule 20 minutes at 100°C at speed 1.

Â»

At the bell, take off the water from the bowl and put the milk and butter in the bowl. Set 2 minutes at 100°C at speed 1.

Â»

Preheat oven to 240°C.

Â»

Put the potatoes in the bowl and mix 20 seconds on speed 3.5.

Â»

Add fish in the puree and set 15 seconds on speed 4.

Â»

Arrange the brandade in a baking dish, and sprinkle with cheese.

Â»

Bake 10 minutes.

Enjoy this delicious complete fish dish made with Thermomix. And mix it up by substituting cod with another fish: codfish,... Yum

;))
