Lyonnais bugnes or merveilles in the southwest are small beignets to be enjoyed during Mardi Gras and carnival. Discover how to quickly cook them :

Â»

Put the butter in the bowl of the thermomix and cook for 2 minutes on 70°C on speed 2.

Â»

Put the flour, the yeast, the vanilla sugar, the sugar, the eggs, the cream, the rum, the water and salt in the bowl of the thermomix and mix for 2 minutes feature on the cob.

Â»

Put the dough in a bowl and cover with a dish towel.

Â»

Allow the dough to rest and rise for at least 3 hours.

Â»

Flour your work surface, put the dough over and press firmly on the dough to remove the gas.

Â»

Put the dough back in the bowl, cover with a towel and let the dough doubled in size.

Â»

Flour your work surface and spread the dough to a thickness of 3 cm, and form the bugnes (for my part, they are oval).

Â»

Heat the oil for fryer, either in a saucepan or in a fryer.

Â»

Put your bugnes in the oil and don't forget to return them (about 1 minute on each side).
